

Communication Studies – Bachelor level

Semester package for study activities

The Department of Communication and Arts welcomes exchange students to join the International Study Programme offered in English

Semesters at Roskilde University

- A semester at Roskilde University is always 30 ECTS – a course package is equivalent to 30 ECTS
- All students must complete a project of 15 ECTS and course activities of 15 ECTS

Choose a semester package

If you choose a package you will benefit from:

- No overlap in lectures and exams
- Your activities will most likely be with the same group of fellow students
- Project and courses within each package work together to give you a more coherent semester

Flexibility

Unfortunately, there is no flexibility in this package. When choosing this package in Communication Studies, you must take the whole package of 30 ECTS and cannot mix or skip any activities, as this package is fixed.

This also means that if you choose another package, you cannot choose any of the study activities within Communication Studies package.

Notice

Please note that the study activity offer is confirmed but course information is being updated and can change until it opens by 01 June for RUC students to choose for the autumn semester.

Project formation

A project is always group work ongoing throughout the semester. The project starts with a project formation process in the beginning of the semester. The project formation process is facilitated by academic staff to find a specific topic and group members within the field of study. It is not possible to do a project alone or to do a semester without a project if there is a project within the semester package.

Exam period

Project exams are oral group exams held in the project exam period (always the last 2 weeks of the semester) and require physical presence.

Normally, course offers will be similar from autumn-to-autumn semesters – spring-to-spring semesters.

Education structure at Roskilde University

All bachelor programmes at Roskilde University starts with one year of general study activities (basic level) in one of the 3 English taught programmes: Natural Science, Global Humanities or Social Science. During second year of studies, students will choose their specialisation which is called 'subject modules'. It is possible for RUC students to select two subject modules of 35 ECTS each or in few fields of study one full subject module of 70 ECTS. The final semester is finished with a bachelor project (not open for exchange students). Most semester packages are based on activities within the English taught 'subject modules', which means with RUC students on their 4th or 5th semester.
