Business Studies – Bachelor level

Semester package for study activities

The Department of Social Science & Business welcomes exchange students to join our International Study Programme in Social Sciences

Semesters at Roskilde University

- A semester at Roskilde University is always 30 ECTS – a course package is equivalent to 30 ETCS
- All students must complete a project of 15 ECTS and course activities of 15 ECTS

Choose a semester package

If you choose a package you will benefit from:

- No overlap in lectures and exams
- Your activities will most likely be with the same group of fellow students
- Project and courses within each package work together to give you a more coherent semester

Flexibility

If you need to mix study activity across fields of study/packages, it is possible, however:

• You are liable to check for overlap in lectures and exams (dates available in December)
• You must choose 1 project and at least 1 course from the same field of study

Notice

Please note that study activity offer is confirmed but course information is being updated and can change until it opens by 01 December for RUC students to choose for the spring semester.

Group formation

A project is always group work ongoing throughout the semester. The project starts with a group formation process in the beginning of the semester. The group formation process is facilitated by academic staff to find a specific topic and group members within the field of study. It is not possible to do a project alone or to do a semester without a project if there is a project within the semester package.

Exam period

Project exams are oral group exams held in the project exam period (always the last 2 weeks of the semester) and require physical presence.

Education structure at Roskilde University

All bachelor programmes at Roskilde University starts with one year of general study activities (basic level) in one of the 3 English taught programmes: Natural Science, Global Humanities or Social Science. During second year of studies, students will choose their specialisation which is called 'subject modules'. It is possible for RUC students to select two subject modules of 35 ECTS each or in few fields of study one full subject module of 70 ECTS. The final semester is finished with a bachelor project (not open for exchange students). Most semester packages are based on activities within the English taught 'subject modules', which means with RUC students on their 4th or 5th semester.
